

SEES A REAL REVIVAL IN RELIGION

Boston Minister Says American Religion Becoming More Socialized.

Boston, Mass.—"The Past and Future of American Christianity" was the subject of the sermon preached by Rev. Dr. Charles E. Park recently at the First Church in Boston. Dr. Park said in part:

"The fact that this day marks the twentieth anniversary of the founding of this ancient church invites us to a consideration of our own religious history—what forces and tendencies have entered into our religious development during the intervening centuries—what our present religious condition is, and what our future religious history, here in this part of America, bids fair to be.

"There is today a very real revival of interest in religion and in the churches, which is caused by certain great sober realizations which have swept over our intellectual landscape, partly as a result of the war, partly as a result of the social unrest, uneasiness and moral doubt that have followed the war.

"We in America have taken our religion as we have taken our population, largely from the Old World. And we find in the one the same cosmopolitan variety that we find in the other. We are still too young to have developed anything like a peculiarly American religious life, a peculiarly American type of religious expression and organization. The blending process is not yet finished.

"The melting pot is still bubbling and boiling merrily away. We hope sooner or later to draw forth from it a distinctive American character and a distinctive American civilization. In all probability, a distinctive American religion, if it ever comes at all, will be one of the last products to emerge from that melting pot.

"Our religion in the last two centuries has gradually become more and more socialized. Without relinquishing its interest in the individual it has enlarged its horizon so as to embrace within its interest the whole society.

"That development has been common to all denominations of American Christians, so that an act of social iniquity today makes not only the Methodist Christian blush with shame, but it makes the Baptist and the Presbyterian and the Episcopalian Christian blush just the same, and the Unitarian Christian more than any of them. That thought of a socialized religion is full of promise and hope for the future.

"For when a great variety of Christians wake up to the fact that they are all working for the same end, not only in Heaven, but on earth, not only to save private souls, but to make America here and now better, cleaner, nobler and more generous, a kingdom of God upon earth, there is bound to creep into the hearts of those various Christians a deep sense of their essential Christian oneness and brotherhood."

KY. FARMLANDS INCREASE IN VALUE

Increase Greatest in Tobacco Producing Sections. Wages for Farm Labor Increases.

Office of Field Agent 520 Custom House. Farm land values in Kentucky as a whole have increased approximately 11 per cent in the last year, according to the March agricultural report issued here by the Kentucky office of the United States Bureau of Crop Estimates. In the same time farm land values in the United States as a whole have increased approximately 20 per cent.

The increase in Kentucky has been greatest in the tobacco producing sections, amounting in many instances to wild speculation and inflation in the richest Blue Grass counties, and to very great increases in the richer sections of Western Kentucky.

Good plow lands and improved farms in both Kentucky and the entire United States show not only greater increase in value in dollars per acre than does poor plow land or unimproved farm land, but also show greater percentages of increase in value per acre.

Plow Land Increases.

Since March 1, 1919, good plow land in Kentucky, considering all parts of the State together, has increased from an average price of \$80.00 to \$95.00 at present; poor plow land from \$37.00 to \$42.00; average of all plow land from \$61.00 to \$70.00; average of all improved farm land from \$81.00 to \$85.00; and the average of all unimproved farm land from \$61.00 to \$62.00 an acre. The comparatively small increase shown in value of unimproved and poor lands gives by comparison a partial though inadequate idea of the extent to which the boom has been pushed in the richer sections.

During the same time average land values for the United States as a whole have increased as follows: good plow land increased from an average of \$91.83 to \$113.34; poor plow land from \$31.26 to \$60.76; average price of all plow land from \$74.31 to \$90.01; improved farm land from \$81.89 to \$99.24; and unimproved farm land from \$62.08 to \$74.41.

Wages for farm labor have increased greatly in the last year not only in Kentucky but throughout the United States, yet it is still difficult to get satisfactory or adequate labor on the farms.

Report of Ky. Farmers.

Kentucky farmers this month report they have on hand 36 per cent of last year's corn crop, or 29,700,000 bushels, compared to 37 per cent of the 1918 crop, or 33,670,000 bushels on hand March 1, 1919; 11 per cent of last year's wheat crop, of 1,323,000 bushels, compared to 10 per cent, of 1,213,000 bushels on hand a year ago from the 1918 crop; 25 per cent of their last year's oats crop, or 2,475,000 bushels, compared to 27 per cent, or 2,592,000 bushels on hand March 1, 1919; and 20 per cent of their 1919 barley crop, or 20,000 bushels, compared to 12 per cent of the larger 1918 crop, or 30,000 that was on farms March 1, 1919.

In the United States as a whole farmers still hold 1,092,095,000 bushels of the 1919 corn crop compared to 855,269,000 bushels of the 1918 crop they held March 1, 1919; of the 1919 wheat crop they still hold 165,539,000 bushels compared to 128,703,000 bushels of the 1918 crop they still held March 1, 1919; of the 1919 oats crop they still hold 422,815,000 bushels compared to 590,251,000 bushels of the 1918 crop they held March 1, 1919; and of the 1919 barley crop they still hold only 38,010,000 bushels compared to 81,746,000 bushels of the 1918 crop they held March 1, 1919.

H. F. Bryant, Field Agent.

"TOO MANY TEETH BEING PULLED" WARNS PRESIDENT OF CHICAGO D. S.

Chicago, March 23.—Several thousand dentists, in attendance on the convention of the State Dental Society heard these words in an address today from Dr. V. H. Fuqua, president of the Chicago Dental Society.

"There's a wave of tooth-pulling in this country. We must put a stop to it. It's on account of the X-ray. The X-ray is adjustable. You can read anything into it. People get an X-ray taken and rush down and have their teeth pulled. We are fast becoming a Nation of dental cripples. Too many teeth are being pulled.

"People place too much reliance upon the physician's diagnosis. The physician says, 'Go get your teeth pulled; your lumbago is caused by the toothache,' and the patient rushes and does as he is told."

Tobacco Warehouse Declares A 6 PER CENT DIVIDEND.

Elizabethtown, Ky.—The Farmers Tobacco Warehouse Co., at a meeting of the directors held Saturday, declared a dividend of six per cent of stockholders. The dividend will be paid to stockholders from the time their money was paid into the company's hands to January 1.

The company showed net profits for the season of \$2,429, and it is expected that the dividend payment will not exceed \$1,000, leaving a surplus of approximately \$1,400.

The Elizabethtown warehouse is one of the few in the State to have paid a dividend upon its first season's earnings.

HAVE YOUR MONEY READY, PLEASE!

We haven't bothered to read a single line of this coal controversy and do not intend to be concerned with it. All we know is that when the time comes we will have to step up to the desk and get robbed just like anybody else.—New Haven Register.

ENLIST CITIZENS IN LEGION WORK

The Campaign for Kentucky's American Legion Fund Begins March 29

Supporting not only in sentiment but in word and deed the accomplishments and purposes of the American Legion, prominent business and professional men of Kentucky have banded together as a Citizens' Committee, with A. T. Hert of Louisville as chairman, and have organized a Statewide campaign to solicit funds for the support of the Legion, beginning March 29 and ending April 3.

Money realized from subscriptions, which are to come from citizens not members of the Legion, will go jointly to furthering the plans of State Headquarters and to the betterment of each local post. The amount raised will be called Kentucky's American Legion Fund.

The State has been organized by Mr. Hert into eleven congressional districts, with a chairman appointed for each district. Each district is divided by counties and each county will have its Citizens' Organization Chairman.

The district chairmen serving with Mr. Hert as State Chairman are:

- J. C. Utterback, Paducah, Ky., First District.
- James Pendleton, Owensboro, Ky., Second District.
- J. L. Harmon, Bowling Green, Ky., Third District.
- Judge J. R. Layman, Elizabethtown, Ky., Fourth District.
- Frank Buerck, Louisville, Ky., Fifth District.
- John H. Howe, Carrollton, Ky., Sixth District.
- Henry T. Duncan, Lexington, Ky., Seventh District.
- George McRoberts, Danville, Ky., Eighth District.
- Robert H. Winn, Mt. Sterling, Ky., Ninth District.
- F. W. Stowers, Pikeville, Ky., Tenth District.
- Hugh Asher, Pineville, Ky., Eleventh District.

American Legion posts have been instructed to call upon the county chairmen and offer their assistance in the detail work, but all actual solicitation will be done by those not in the Legion, according to the plans of the Committee.

Every business house and individual will be afforded an opportunity "to assist in the work of the American Legion in its efforts to combat anti-Americanism, encourage better citizenship and promote fraternalism among former service men."

In a letter to the commanders of Legion posts in the State Ulric Bell, State Commander of the Legion, said:

"All the members should feel deeply grateful to this Citizens' Committee for the work that they are undertaking in your behalf and in the behalf of the American Legion. You should personally and by committee tender such services as you are able to perform and you should hold yourselves in readiness at all times to respond promptly to any call for assistance and co-operation that they may issue."

In a statement on the campaign Mr. Hert said:

"It is essentially a campaign of citizens on behalf of the Legion—not a campaign of the Legion men themselves seeking aid. Their necessities are known and their budgets have been carefully scrutinized by a group of competent men who understand the needs and are willing, in co-operation with the citizenship of the State in general, to raise the money necessary to meet the Legion's requirements."

"The Legion today stands as a bulwark against radicalism of a revolutionary character, not only in Kentucky but throughout the nation. It is a work that is unceasing in view of the situation abroad and in this country."

"The Legion is growing so rapidly that it is unable to provide for the growth of the organization itself and take care of work it is doing and has planned to do.

"The Citizens' Committee expects every loyal Kentuckian and every man who is a per cent American to do his duty in this campaign."

Many People Report Big Gains In Weight

THOUSANDS OF THIN, FRAIL PEOPLE RESTORED TO HEALTH BY TANLAC

MANY REMARKABLE EXPERIENCES TOLD

People in all Ranks of Life Tell What Celebrated Medicine Has Done for Them.

ONE of the most noteworthy features in connection with Tanlac and the one that stands out more prominently than any other, perhaps, is the very large number of well-known men and women from all parts of the country who have recently reported astonishing and rapid increases in weight as a result of its use.

When so many well-known people of unquestioned integrity make statement after statement, each corroborating the other, the truth of such statements can no longer be doubted. Thousands have testified that this famous medicine has completely restored them to health and strength, after every other medicine and the most skilled medical treatment have failed.

One of the most remarkable cases on record is that of Mrs. Viola Ives, of 815 Cross street, Little Rock, Ark., whose statement appears below.

"In May of 1913," said Mrs. Ives, "I suffered a complete breakdown of my nerves and my entire system gave way. About six weeks afterwards I was carried to the hospital. I became perfectly helpless—couldn't move any part of my body and just lay there in bed for five months, not knowing anything or anybody. I was brought home in October, 1913, and tried all kinds of medicine and everything I was told about.

"I read about so many people getting relief by taking Tanlac and my husband got me a bottle. After taking three bottles I began to feel better. I have taken several bottles of Tanlac now and I can walk anywhere and sleep like a child. When I took my first dose of Tanlac I weighed only one hundred and twenty-two pounds. I now weigh one hundred and sixty-two—an actual gain of forty pounds since I started on Tanlac."

Texas Man Testifies.

Another remarkable case was that of John M. Crabtree, a general merchant of Five Mile Station A., Dallas, Texas:

"I have actually gained thirty-four pounds on three bottles of Tanlac and I now know what it is to enjoy good health after suffering for twenty years," said Mr. Crabtree.

"I suffered with catarrh of the stomach and indigestion for twenty years and for eighteen months, before I started taking Tanlac, I had to live almost entirely on cereals. I spent nearly all of one whole year in bed and was unable to do anything at all and I fell off in weight to 118 pounds.

"After using my third bottle of Tanlac I found I had increased in weight from 118 pounds to 152 pounds, making an actual gain of thirty-four pounds—all my troubles were gone and I was feeling like another man."

Captain Jeff D. Riggs, popular P. & M. V. engineer, running between Vicksburg and New Orleans and residing at 2020 Pearl Street, Vicksburg, in speaking of his experience with Tanlac said: "Yes, sir, it's an actual fact, I have gained twenty-five pounds on Tanlac."

"When I began taking the medicine," continued Captain Riggs, "I was simply a nervous and physical wreck and had dropped down in weight from one hundred and forty to one hundred and ten pounds.

"I have just finished my second bottle of Tanlac, have gained twenty-

MRS. CHAS. PEDEN GAINS 27 POUNDS

WAS TWICE EXAMINED AND TOLD OPERATION WOULD BE HER ONLY HOPE.

"I HAVE just finished my third bottle of Tanlac and have gained twenty-seven pounds," was the truly remarkable statement made by Mrs. Charles Peden, residing at 350 Mill Street, Huntsville, Ala.

"When I commenced taking the medicine," she continued, "I only weighed ninety-eight (98) pounds; now I weigh 125 pounds, and never felt better in my life. For years I have suffered with a bad form of stomach trouble, constipation and pains in my side and back. At times the pains took the form of torture, and I was twice examined and each time I was told that I had appendicitis and that an operation would be my only hope.

"I had made all preparations for the operation and called in my sister to tell her good-by, as I did not know whether I would live to see her again or not. My sister begged and pleaded with me not to allow them to cut me and told me to wait and try a good tonic for awhile. The next day, as I returned from the consultation room, I thought of what she said, and as I had heard so much about Tanlac, I decided to try it and got a bottle.

"I never returned for the operation, but just kept taking the Tanlac. Right from the start I began to feel better. The medicine seemed to take hold right at once.

"I was so happy over the wonderful improvement in my condition that I sent for my neighbors to tell them how much better I felt. I sent and got another bottle of Tanlac, and have just finished taking my third bottle and feel as if I have been made all over again into a new woman."

My five pounds and I feel like a new man."

Old-Time Engineer Talks.

Engineer Chas. J. Weeks, who runs the Seaboard Air Line fast train "Fox" between Jacksonville and Tampa, bears the distinction of being the second oldest engineer in point of service with this road, having been with the company for thirty-five years.

"I have gained twenty pounds on seven bottles of Tanlac and feel as well and happy as I did when a boy," said Mr. Weeks.

"For twenty years I suffered with nervous indigestion of the worst sort," he continued, "and at times during the past fifteen years I didn't think I would last much longer. To tell you the truth, I finally reached the point where I didn't much care whether I lived or died."

Thousands of other people all over the country have reported the same astonishing gains in weight after taking Tanlac. Among these are: E. O. Wilson, of 197 Bass St., Atlanta, Ga., who gained 25 pounds; Edward Reno, 1721 Broadway, Kansas City, Mo., who gained 25 pounds; Mrs. W. C. Cochran, of Julietta, Idaho, who gained 22 pounds; Mrs. Doll Davis, of 108 Samuel Ave., Peoria, Ill., who gained 30 pounds; Chas. E. Shaffer, 508 W. Charleston, St. Portland, Ore., who gained 24 pounds; Mrs. Amelia Mann, R. F. D. No. 2, Ogden, Utah, who gained 25 pounds; W. S. Hukill, 7308 Park Ave., Tacoma, Wash., who gained 20 pounds; Mrs. B. W. Smith, 3113 Burdett St., Omaha, Neb., who gained 35 pounds; Fred W. Saunders, 710 Market St., San Francisco, Cal., who gained 24 pounds and many other too numerous to mention.

Tanlac is sold in Cloverport, Ky., at Wedding's Drug Store.—Adv.

FOR SALE! Poland China Hogs

A few extra large Spring 1919 gilts bred to the giant yearling, Jumbo Bob, one of the best big type boars in the county. Also about 40 head of extra nice Fall pigs that are being fitted for sale and there are some especially nice males nearly large enough for service, all these will be priced very reasonably and pedigrees will be recorded free. One Jersey-shorthorn heifer with nice two weeks heifer calf, second calf, cow is of good size and gentle and sound.
